

Ahmad Nassar

Nationality : Egyptian

Status : Married; one child

Date of birth : 1 May 1972

Passport number : 2118981

Contact

Cell Phone : 0503130191

e-mail : nassarahmad@gawab.com

Address : P.O. box 915, Abu Dhabi, UAE

web address : <http://ahmadnassar.tripod.com/id5.html>

Key skills & Experience summary

x) I am familiar with vast array of control systems and their configuration, functional verification and maintenance.

xx) Petrochemical "Methanol, Ammonia and Urea" and Oil/Gas experience onshore and offshore.

xxx) Field instrument, MMS, PHA, and more.

x) Advant OCS, APACS and Quadlog, Allen Bradley, SIMATIC, DeltaV, HIMA ESD, Yokogawa ICSS, GE Fanuc, CCC, Woodward, Bentley Nevada, Field BUS, HART and Moore controllers.

xx) Engineering studies, Design approval, documentation systems, standards, project management, construction, commissioning, startup, maintenance, inspection, QC, RCA, OJT and HSE.

xxx) PEMAC, SAP, MAXIMO, PSR, MSR, HAZOP, fire fighting, ERT, control valves, Intools, calibrations, pneumatic systems, cost estimation, reporting, optical fibers, networks, and team work management.

Project employment history

Germanischer Lloyd, Abu Dhabi, UAE.

Dolphin Energy, EGDS Project

E&I Senior Inspector.

Aug. 07 till present.

Consolidated Contractors Co. "CCC", Saudi Arabia.

Saudi ARAMCO, HNRP Project

Instrument Section Head Eng.

Feb.2007 – July 2007

Engineering for the Petroleum & Process Industries "Enppi", Red Sea, Egypt.

GUPCO platforms rehabilitation, Rehab. Project

I & C Construction Eng.

2006-2007

Uhde "A company of ThyssenKrupp technologies", Alexandria, Egypt.

Ammonia/Urea Plant, AlexFert Project

I&C Project Eng.

2005-2006

Saudi International Petrochemical Co. "SIPCHEM", Jubail, SA.

x)GACIC BDO project *I&C Project Eng.*

xx)SIPCHEM Maintenance Dept. *I&C Maintenance Eng.*

xxx) IMC I project *I&C Project Eng.*

Jan.2005-May2005

Nov.2004-Jan.2005

Mar.2004-Nov.2004

Egyptian Fertilizers Co. "EFC", Ein Sokhna, Egypt.

Controls Eng.

2003

Atlantic Methanol Production Co. "AMPCO", Malabo, Equatorial Guinea.

AMPCO Methanol Plant 2500 t/d "Direct hire"

Instrument Supervisor/DCS specialist.

2000-2003

Abu Qir Fertilizers Co. "AFC", Alexandria, Egypt

AFC Plant III

Instrument Eng.

1995-2000

Educational background & Training

1990 to 1995 **B.Sc. of Electrical Engineering with a major in Communications and Electronics.**
Alexandria Univ. – Egypt

Graduation Project "Computerized Monitoring System for Biomedical Applications". Design of data acquisition card interfaced with IBM hardware for a project made in co-operation with SIEMENS medical branch in Alexandria. Project selected to represent the university in an Exhibition named MENATECH95 (Middle East and North Africa Technology). It was about to be manufactured by SAKR factory in Cairo, Egypt.

Training

- x) Ship control and radio communication system. **Egyptian Navigation Co. Egypt.**
- x) PA "Performing Authority" safety course. **GUPCO. Egypt.**
- x) ASA "Advanced Safety Auditing". **GUPCO. Egypt.**
- x) Maleic Anhydride Technology. **HUNTSMAN, Pensacola, Florida, USA.**
- X Methanol Licensor Technology Training Course. **JACOBS Consultancy. Saudi Arabia.**
- x) GE Control Panel Operation and Maintenance. **GE Energy Oil & Gas. Saudi Arabia.**
- x) Quadlog Basic System Configuration & Hardware Architecture and System Troubleshooting. **Siemens Moore Automation. Malabo, EG.**

Languages

Arabic: (Native).

English: Very good in reading, writing and fluently spoken.
